

REMARKS

The present Amendment After Allowance is being made to address minor informalities in the specification and claims. In that the amendments to the claims do not alter the scope of any claim, they will not be regarded as "narrowing" claim amendments. Also, the amendments do not add new matter. The amendments were not presented earlier because the review yielding the determination that the amendments would be desirable was not completed until after the close of prosecution.

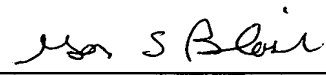

Accordingly, in view of the above amendments and remarks, applicants believe all of the claims of the present application to be in condition for allowance and respectfully request reconsideration and passage to allowance of the application.

If the Examiner believes that contact with applicants' attorney would be advantageous toward the disposition of this case, the Examiner is herein requested to call applicants' representative at the phone number listed below.

The Commissioner is hereby authorized to charge any additional fees associated with this communication or credit any overpayment to deposit Account No. 50-0289.
